

BOURGOGNE PINOT NOIR DOMAINE DEMESSEY

Winery website: www.demessey.com

Pinot Noir owes its fame to its native soil of Burgundy, where it is the only variety used in practically all red wines. – And indeed, it is here that it finds the conditions most conducive to its ideal development . . .

Furthermore, the region’s temperate climate suits it down to the ground – it is no lover of hot or humid weather.

THE APPELLATION

This vast appellation brings together four great regions; Yonne to the north (region of Chablis), with its fresh, mineral wines, followed by the Côte d’Or (Cote de Nuits plus Cote de Beaune), with its rounder, deeper whites, the Côte Chalonnaise with its pleasant wines, and lastly the Mâcon region to the south, with a range of styles varying with the individual soil and exposure.

WINE ESTATE

In 1986, Marc Dumont bought a vineyard in Cruzille, in Mâconnais, that originally belonged to the monks of the illustrious Abbey of Cluny. A few years later, he met the Demoiselles Jourdan sisters then the owners of Château de Messey, a domain of 89 hectares (220 acres), of which 17 hectares (42 acres) had produced AOC wines until 1958. Marc Dumont purchased this domain to carry on the tradition of many generations in the art of fine wine making. The beautiful XVIth century vaulted cellars assure the best conditions for making high quality wine.

To offer as wide a range as possible, Marc DUMONT decided to extend beyond the production of "Clos des Avoueries" by buying grapes or must from quality vineyards across Burgundy. After a few years, in order to reduce the distance from the vines to the cellar to minimize the risk of oxidation, he acquired Manoir Murisaltien, with 1500 m2 (16,000 sq. ft). of beautiful cellars in the heart of Burgundy at Meursault, center of the fabulous white Cote d’Or wines. Thus wines from Mâconnais are made and matured at Château de Messey, while those from Côte de Beaune, Côte de Nuits and Côte Chalonnaise are brought to their full potential at Meursault, in the best tradition of the unique flavour and style of each specific terroir.

VINIFICATION

- After a strict selection of grapes, bunches are destemmed in order to obtain red wines more silky thanks to delicate tannins.
- As soon as fermentations are finished, wines put in oak barrels. Maturing lasts 12 to 18 months over fine lees with very reduced exposure to the air
- Barrels are regularly topped-up ("ouillage") to limit oxidation.

TASTING NOTES

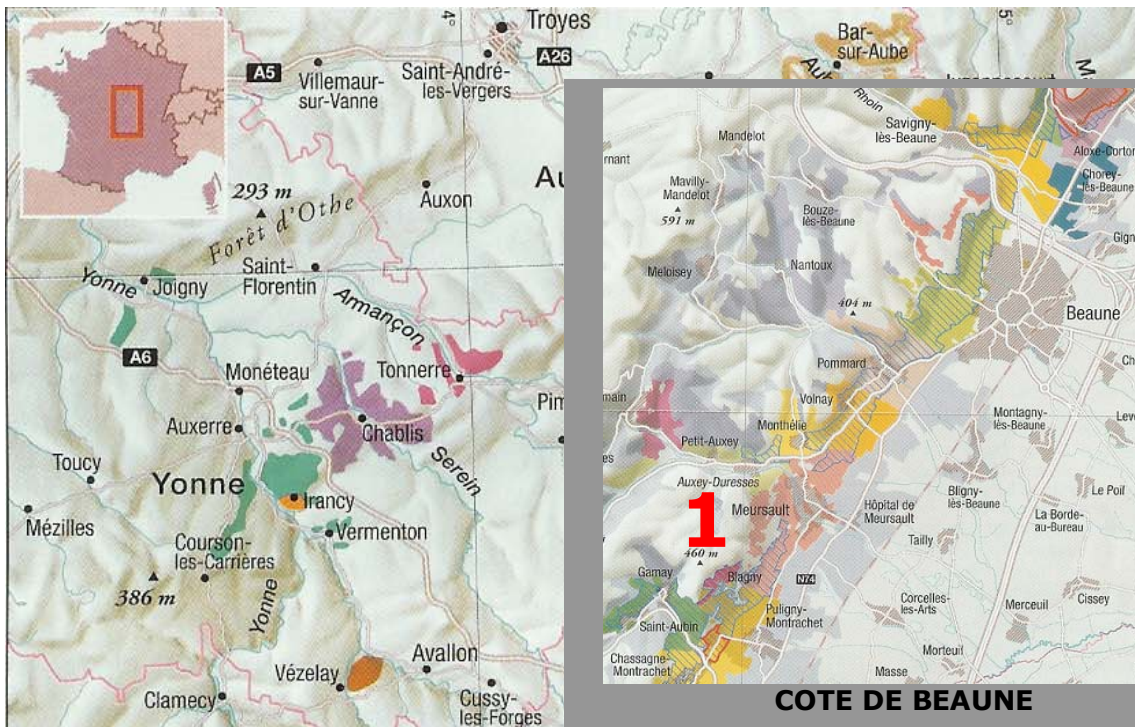

- Dark red, with deep purple reflections.
- On the nose we easily distinguish red fruits aromas (blackcurrant, raspberry), with toasted notes.
- This well-constituted wine expresses a lot of finesse. Good balance, with tannic support already evident but fairly subtle.
- Temperature of Service: 58-60°F.

FOOD PAIRING

Grilled red meats, roasts and poultry. Richer fish like **salmon** with its smoky flavor. **Grilled Portobello mushrooms**. Traditional, but not too strong, cheeses...
